1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with John Wooldridge on June 24, 2004.

The application has been amended as follows:

In the claims:

Claim 1 has been amended as follows:

1. A method for producing a film sintered body comprising:

providing a substrate, wherein said substrate is selected from the group consisting of (i) a substrate comprising pre-sintered ceramic oxide and (ii) ceramic green tape that includes at least one binder and at least one plasticizer; and

casting a preformed solution onto said substrate using an atomizer to produce a film having a thickness of approximately 1 micron to several hundred microns thereby forming a bilayer, wherein said preformed solution comprises a ceramic powder;

punching the bilayer; cutting the punched bilayer to a desired size; and sintering the cut bilayer.

Claim 17 has been amended as follows:

17. An aerosol spray casting method <u>for producing a sintered body</u>, comprising:

preparing a solution by dispersing a ceramic powder in a solvent; adding to said solution a dispersant to prevent agglomeration; adding at least one plasticizer and binder to said solution and;

Application/Control Number: 09/919,075

Art Unit: 1731

depositing said solution onto a substrate using an atomizer, wherein said substrate comprises material selected from the group consisting of (i) pre-sintered eeramic oxide and (ii) a ceramic green tape that includes at least one binder and at least one plasticizer to produce a film having a thickness of approximately one micron to several hundred microns thereby forming a bilayer;

punching the bilayer; cutting the punched bilayer to a desired size; and sintering the cut bilayer.

- 3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
- 4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher A. Fiorilla whose telephone number is (571) 272-1187. The examiner can normally be reached on M-F, 6:30am-3:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven P. Griffin can be reached on (571) 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
